Subject: RE: 2014 NATA EO
Attachments: Ethylene Oxide TRI and ECHO 1.16.18.xlsx

Hi,

So I compared and highlighted some on my spreadsheet in the TRI facilities that I'm curious about. Then on the ECHO tab, I have a lot more hospitals than on your list (I think your list has 4, and I have 40ish?). However, they hospitals may be too small of emitters.

Thanks
Kris

Hi Kris,

Here's the file we talked about the other day. I'll swing by and talk to you a little about the whole NATA process and where it's at.

Jessie
